WHERE DIVING, ADVENTURE AND WELLNESS COME TOGETHER

*Dominica is known as the **Nature Isle of the Caribbean**—a lush volcanic island filled with rainforest, waterfalls, hot springs, dramatic mountains and extraordinary underwater scenery.*

*Our home for the week is **Jungle Bay Dominica**, an award-winning eco-resort overlooking the Caribbean Sea and the protected Soufrière–Scott's Head Marine Reserve. Surrounded by tropical gardens and forest, Jungle Bay combines barefoot luxury, locally inspired cuisine, wellness and authentic island hospitality.*

*Divers will explore some of the Caribbean's most dramatic underwater terrain with **Nature Island Dive**, located less than five minutes from the resort. Expect colourful reefs, walls, pinnacles, volcanic formations, schooling fish, sponges and abundant marine life—all within a short boat ride of the dive centre.*

Non-divers will have their own unforgettable experience, with six days of scheduled island excursions and activities that may include waterfalls, rainforest hikes, snorkeling, kayaking, yoga, cooking classes, garden tours and cultural experiences.
