Mexico Cenotes Adventure!

It's been a long time coming, and we know many of you have been eagerly anticipating this trip. Space is limited, so please make sure you register for this one as early as possible. We'll be heading down on February 5-12, 2025 for a spectacular week in the Majestic Mayan Riviera, and the Yucatan Peninsula will never be the same. Cenotes (translated as "Sacred Well"), or large open fresh water caverns, are one of the most spectacular natural phenomena, and this is about as surreal as it gets.

Our first day will be enjoying some ocean dives to enable the guides to get familiar and comfortable with everyone's diving style. An option of a "Bull-Shark" dive is also available on our first day as an additional charge. The next 4-5 days will be spent "underground" exploring beneath the Yucatan in some of the most breathtaking areas you'll ever see.

All dives are guided, with a ratio of 4 divers per guide. You'll be well looked after as you explore. This is one trip you don't want to miss! View the details on our website and to register. Single divers welcome, and we'll work to find you a roomie. It's also a non-diver/snorkeller friendly trip, so think about inviting along your special someone. What to Cave Dive? You can do that as well!
